

Would you like to know how to develop strategies to solve family conflicts?

Would you like to know why children 'misbehave' and what you can do about it?

Would you like to learn how to earn the cooperation of your children?

We would like to help you to develop responsibility, independence, healthy self-esteem, and respect in your

# Positive Discipline

Wednesday:

April 13, 20, 27

May 4, 11, 18, 25

June 1, 8.

6:30 p.m. - 8:30 p.m.

Room G

At Family Learning Center

## Positive Discipline approaches:

- Help children to feel a sense of connection, belonging, and significance.
- Take into consideration a child's thoughts, feelings, and decisions, and are therefore effective in the long-term.
- Teach important social and life skills, such as respect and concern for others.
- Encourage problem solving and cooperation.
- Teach your children practical skills to contribute meaningfully to the home, school, and larger community.
